Name: CASILI, ABEGAIL L.

**Course:** Bachelor of Secondary Education

Major: ENGLISH 3K

Subject: Technology for Teaching and Learning for Language Education 2

## EXISTING WEBSITES THAT INSPIRE STUDENTS TO SUBMIT THEIR AUTHORED PRODUCTS

Websites	URL Address	Description/Charac teristics	Benefits to Learners
Example: a. The Dairy Projects	http://www.dairyproject.com	Encourages students to contribute their narrations or daily diaries with different themes required by the websites.	Students can read diary entries from youth around the world to author a diary project.
b. <u>Cyberki</u> <u>ds</u>	http://www.cyberkids.com	The mission of Cyberkids is to provide a voice for young people on the internet.  It accomplishes this by publishing original creative work by kids ages 7-12.	Prepares the students to handle them by introducing a variety of themes and working on specific social skills like speaking, listening, and reflecting. It simulates the way real conversations work, but progresses at a pace that never leaves the students feeling overwhelmed.
c. <u>Global</u> <u>Show-</u> <u>N-Tell</u>	http://www.telenaut.com.gst	Wabisabi Learning (n.d.) was able to present some lists of online publishing tools for avid writer students who are looking for a online publishing tool to publish their work.	Show n Tell fosters public speaking and allows students to express themselves through sharing what is meaningful to them. It also provide lists of publishers where students can publosh their works.
d. <u>Atavist</u>	https://atavist.com	Atavist is a beautiful tool. It was founded in 2011 on the heels of what we once	Students have total creative design power here. They can submit assignments with visual flair. Get them doing presentation and online journalling with this tool. It also
